to Eternity.

EMPEROR WEAKLING.

Assassin Thinks That by Removing
the Grand Duke, Whom He Avers,
Violated Every Law of De-
cency, Reform May Come.

Moscow, Feb. 21.—The assassin of
Grand Duke Sergius maintains an at-
titude of profound indifference. When
pressed to reply to a question he de-
clared all efforts of the authorities
would bring no result; that before the
victim is laid under the earth other
victims will be found. Regarding his
motive, the assassin said he only acted
in the interests of the oppressed

NARVA TRIUMPHAL ARCH, ST. PETERSBURG.

people. He considered the deed an act
of duty. The grand duke for years,
he said, had violated every canon of
ordinary decency and ruined the coun-
try while exploiting the weak will of
emperor for his own ends. They had
made him a tyrant so the people would
execrate him. He was aware the em-
peror is an innocent dupe, and his
party decided to deliver the emperor
from the evil influences surrounding
him in the hope that he some day
would join in the reform movement
and become the head of a national
government based on western lines.
Neither police nor spies, the assassin
added, will be able to protect those
who are doomed to death.

USED HEAVY GUNS.

Russians Shelled One Town at Night
With These Weapons.

Tokio, Feb. 21.—Field Marshal Oya-
ma, reporting Friday, says that a
small infantry attack was made on
Fung mountain on Feb. 20. The Rus-
sians shelled La Patal on the night of
Feb. 19, using heavy guns.

People Panic Stricken.

Baku, Caucasus, Feb. 21.—People are
panic stricken, banks closed and busi-
ness suspended as the result of Mon-
day's disturbances and numerous at-
tacks of armed Mussulmen on Arme-
nians, which have been going on since
Sunday in various quarters of Baku.
The attacks are attributed to racial
enmity.

Third Squadron Anchors.

Frederickshaven, Denmark, Feb. 21.
—The Third Russian Pacific squadron
has anchored in Skagen bay and is
coaling. The squadron has been joined
by some other units and now consists
of five ironclads, an auxiliary cruiser,
a gunboat and three transports.

Readmitted to Navy.

St. Petersburg, Feb. 21.—It is offi-
cially announced that Grand Duke
Paul has been readmitted to the Rus-
sian army with his former rank of
lieutenant general and aide-de-camp
general.

FIRST STEPS TAKEN.

Special Federal Grand Jury Venire
Has Been Ordered.

Chicago, Feb. 21.—The first step
leading to the possible indictment of
members of the alleged "beef trust"
was taken here Tuesday. A special
Federal grand jury venire was ordered
drawn and deputy United States mar-
shals sent out with subpoenas for va-
rious members of the alleged trust. In-
dictments will be sought on charges of
direct violation of the injunction issued
some time ago by Judge Grosscup of
the United States circuit court re-
straining members of the alleged trust
from illegally combining in restraint
of interstate commerce. The decision
of Judge Grosscup was recently sus-
tained by the United States supreme
court. Much secrecy is maintained
concerning the affair and deputy mar-
shals were dispatched under orders to
serve subpoenas immediately and to
make public no facts concerning the
affair.

TERRIBLE ACCIDENT.

Top of a Man's Head Knocked Off In
Jennings Oil Field.

Jennings, La., Feb. 21.—Joe Hur-
lock of the West Virginia well in the
Jennings oil field was killed. Sid
Keoughan had a contract to pull the
pipe from this well, which had been
abandoned, and Hurlock was in charge.
The crown block tore the top of his
head completely off and his brains
were scattered about on the ground.
Another man was injured.

About One Hundred and Fifteen
Men Are Entombed

IN AN ALABAMA MINE

Weak Timbers Gave Way, Causing
Walls to Cave In, and Cutting
Off Completely Every Ave-
nue of Escape.

Birmingham, Ala., Feb. 21.—By an
explosion in the Virginia mines, about
eighteen miles southwest of Birming-
ham, at 4 o'clock Monday afternoon,
between 110 and 115 union miners are
entombed, and it was believed up to
noon Tuesday, the entire number suf-
fered an awful death. Scores of vig-
orous rescues are at work digging into
the mine to relieve their friends and
coworkers on the inside.

The explosion is believed to have
been caused by an accumulation of
dust. It is also believed that as the
entire quota has probably been killed,
the details of the cause of the disaster
will never be known. The news spread
like wildfire throughout the whole dis-
trict. The camp is almost isolated from
the rest of the world, as there is no
telephone station at Virginia, and the
only wire running to the place is a dis-
patcher's wire of the Birmingham
Mineral railroad, on which Virginia is
located. Details of the disaster were
slow coming in, but each man who ar-
rived in the city from the scene told a
more gruesome story of the horrors.

The class of miners employed were
the best in the district and all belonged
to the United Mine Workers of Amer-
ica. Since the strike has been on in
the Birmingham district many of the
most industrious and thrifty miners of
Pratt City and other important mining
points have removed to the Virginia
mines, so that the mines were being
worked to their full capacity by the
most skilled miners of the community.
Relief trains with surgeons and
workmen were dispatched from both
Birmingham and Bessemer as soon as
the news of the disaster was learned.
They began the work of succor in
earnest before 6 o'clock and at mid-
night had not gotten half way through
the mass of debris. The slopes are well
arranged and there has never been the
least trouble in the mines before. They
are owned by the Alabama Steel and
Wire company, but are leased and
operated by Reid & Co.

CALLS ON PRESIDENT.

Representative Campbell Confers on
the Oil Investigation Matter.

Washington, Feb. 21.—Representative
Campbell of Kansas, the author of the
resolution for an inquiry into the op-
erations of the oil interests of the
country, had an extended conference
with President Roosevelt Monday, re-
garding the investigations. Mr. Camp-
bell presented to the president con-
siderable information bearing upon the
matter which he has received since the
adoption of this resolution. He in-
formed the president that he had re-
ceived from the speaker of the house of
the Texas legislature a telegram urg-
ing him to request the president and
the department of commerce and labor
to extend the proposed inquiry to the
methods of the Standard in the Beaumont
field of Texas. He also told the
president he had received hundreds of
telegrams and letters daily from all
sources regarding the investigation.
The Standard Oil company Mr. Camp-
bell informed the president already was
preparing its defense and would resist
to the most the government's investi-
gation.

Mr. Campbell assured the president
that neither he nor the people of his
state desired any injustice should be
done on either side of the question.

President Roosevelt assured Repre-
sentative Campbell that all the power
of his administration, if necessary,
would be used in the investigation he
is undertaking through the bureau of
corporations into the affairs of the
Standard Oil company to the end that
the small producer, dealer and con-
sumer alike shall have fair treatment,
and that at the same time no injustice
shall be done the Standard Oil company
or any other concern.

GREAT FIRE.

Loss Is Estimated at Being Fully Half
a Million Dollars.

Boston, Feb. 21.—A loss roughly es-
timated at \$500,000 was caused by a
fire that broke out in pier four of the
Hoosiac tunnel docks at Charlestown
Monday, destroyed piers 3 and 4, dam-
aged pier 5, burned the upper works of
the Furness Leyland line steamer
Philadelphia and damaged the steamer
Dalton Hall. An immense grain ele-
vator adjoining was saved. The crews
of the two vessels experienced some
difficulty in escaping and a fireman on
the Philadelphia was badly injured.

Big Quail Capture.

Enid, Okla., Feb. 21.—Garfield coun-
ty's Deputy Game Warden Eugene
Watrous made a sensational capture
of quail, that is probably one of the
most important ever made in the Terri-
tory. The haul consisted of two
trunks filled with the birds, there being
at least 1000 of them.

Henry Testifies.

Washington, Feb. 21.—In the Swayne
impeachment case Monday Robert L.
Henry of Waco, Tex., testified that
Judge Swayne, while holding court in
that city, walked four blocks. This
was offered to show that the judge had
not expended any money for travel.

Trimble, Wis., Feb. 21.—Anthony
Huddleston, aged 101 years, the first
white settler of Pierce county, is dead
at the home of his grandson near here.
Mr. Huddleston was born in Virginia
and was a direct descendant of a fam-
ily of which Daniel Boone was a mem-
ber. His youngest child is fifty-two
years of age and his oldest eighty.

BY CONNELLY & CARNES.

Per Week, 15c - - Per Month, 40c

WEDNESDAY, FEBRUARY 22.

The shorter this season's crop
the greater becomes the value of
the cotton carried over from last
season.

It must have been cold in At-
lanta, Ga., last Sunday. The Con-
stitution intimated that those per-
sons who had been waiting for
"hell to freeze over" need probably
wait no longer.

Sunday at 6 p. m. the mercury in
the thermometer at the Alpine ice
works went down to 12 above zero.
Monday morning it was down to
zero. This is the coldest weather
since February 12th, 1899.—Alpine
Avalanche.

Of course they can run a ther-
mometer down very low in an ice
house. They are fixed to make
things cold.

The report that the speaker of
the Texas house of representatives
has invited President Roosevelt to
include the Texas operations of the
Standard Oil Company in the in-
vestigations to be made by the de-
partment of commerce and labor
is interesting reading. The elim-
ination of the trust's peculiar tac-
tics from any oil district would
have a very far-reaching effect.
Development of new fields is now
controlled entirely in the interest
of the great company, and a man
might own an oil field as rich as
two or three Spindletops, yet be
as poor as a church mouse until
the Standard Oil Company see fit
to develop it and allow him such
portion of its value as it chooses,
or none of it if it prefers. Of course
the greatest general interest in
scotching the trusts' operations lies
in the benefits that would accrue
to the public through the market-
ing of oil on the basis of free con-
ditions, and with the operations of
competition unstifled. Yet the in-
cidental benefit to owners of oil
lands and the general public in oil
districts would be very great.

the city also has paid for water for
the year 1904, the sum of \$1883.33,
making for these two items the sum
of \$2504.40, which is no small out-
lay for the tax payers of the city
of Bryan, considering the very in-
ferior service given in exchange
for same. This being a fact and
open to the observation of the coun-
cil, not alone, but to every one, it
is practical and in keeping with
good judgement that these arc
lights on Main street be disconti-
nued thereby saving the city the ex-
penditure of money for which the
people fail to get full value.

As to the sums expended in the
payment of salaries, the amounts
are as follows:

T. P. Boyett, Marshall, per mo.	\$75.00
W. A. Reed, Deputy, " "	50.00
Geo. Dixon, Street Sup't., " "	40.00
C. M. Spell, City Sec'y, " "	25.00
R. H. Harrison, Mayor, " "	25.00
Aldermen \$5 each regular meeting.	

These salaries are reasonable and
less than are paid in many towns
not as large as Bryan. These offi-
cers are elected by the voters of
Bryan, and are capable and effi-
cient, and the salaries paid them are
not large, considering the work
they have to perform.

Speaker of Texas House of Represent-
atives Wants Texas Operations
of Standard Oil Company
Investigated.

An Associated Press report from
Washington says:

Washington, February 20.—Rep-
resentative Campbell of Kansas,
the author of the resolution pro-
viding for an inquiry into the oper-
ations of the oil interests of the
country, had an extended confer-
ence with President Roosevelt to-
day regarding the investigation.
Mr. Campbell presented to the
president considerable information
bearing upon the matter which he
has received since the adoption of
this resolution. He informed the
president that he had received from
the speaker of the house of the
Texas legislature a telegram ask-
ing him to request the president
and the department of commerce
and labor to extend the proposed
inquiry to the methods of the
Standard Oil company in the Beau-
mont oil field of Texas. He also
told the president he had received
hundreds of telegrams and letters
daily from all sources regarding
the investigation. The Standard
Oil company, Mr. Campbell in-
formed the president, already was
preparing its defense and would
resist to the utmost the govern-
ment's investigation. The resump-
tion by the company of the pur-
chase of Kansas oil, he said, un-
doubtedly was decided upon in
view of the action taken by the
house of representatives in request-
ing an investigation. It would not
surprise him either, he said, if the
price of the crude oil should be ad-
vanced gradually on account of the
present agitation.

A Kentucky senator tells of a good
old Methodist minister in his state in
the pioneer days who was a "muscular
Christian."

"One day," says the senator, "after
the parson had found it necessary to
administer fistic punishment to several
young toughs who persisted in disturb-
ing the meeting at one of the churches
which he served, one of his flock, noted
as something of a hard bitter himself,
got up in meeting and said:

"It is a solemn duty of this here
congregation to stand by Parson John-
son. He does not seek trouble, but he
will not show the white feather when
trouble is forced in his way. I believe
that, unrestrained by divine grace,
Parson Johnson can whip any man in
Kentucky. The Lord is with him. Let
us pray."

All She Wanted.
"Do you think, young man, that you

"I—aw—think so, sir," murmured the
lover bashfully. "She says she wants
only me."

Keep these dates in mind—February 24th and 25th. Hunter & Chatham. 69

Buchanan handles everything to be had in a first class up-to-date market. 66

The two Bryan banks will be closed today on account of legal holiday.

E. J. Fountain & Co. have just received fresh pigs feet, Rhine rolls and mackerel. 67

Mrs. P. S. Tilson came from Houston yesterday on a visit to parents and other relatives.

February 24th and 25th Hunter & Chatham will put another big lot of hats on sale at half price. 69

E. J. Fountain & Co. have just received fresh celery, apples, cabbage, fresh onions and Irish potatoes. 67

Every Stetson hat included in our sale Friday and Saturday will go at \$2.50 each. Hunter & Chatham. 69

Don't fail to hear Father Kerwin to-night at Carnegie hall. Subject: "The Masterpieces of the World's Art."

Not a piece of goods of any description in Norwood's store but what will be included in his great clearing sale to begin March 15th. 68

Norwood's great clearing sale will not be an effort to get rid of odds and ends. No old and out of date stuff will be palmed off on the people; but every item in the house goes—Nothing reserved. 68

Rev. Bauer and wife of Willow Hole were in the city yesterday trading. Rev. Bauer is a Lutheran Congregational church pastor, having charge, among others, of the churches of that denomination at Willow Hole and Kurten.

Mr. Fate Tobias, who lives on J. T. Preston's place on Wixon creek, we regret to learn is very sick with a bad case of la grippe, and threatened pneumonia. Mr. J. M. Tillery, who informs the Eagle of this, says that Mr. Tobias is in need of assistance, as he has no near neighbors to sit up with him. The Eagle hopes Mr. Tobias will get all the assistance needed at once.

Prof. John W. Hopkins of the University of Texas came to Bryan yesterday and has inspected the Bryan high school. Prof. Hopkins is state inspector of the high schools of the state, and his work is in relation to the affiliation of schools that are approved, with the University. Graduates of affiliated schools are matriculated by the State University and its branches, including the A. & M. College, without examination being required. Prof. Hopkins, after his investigation of the Bryan graded schools, expressed himself well pleased with the course of study and the character of work done here, and of course, recommends the continued relation of this as an affiliated school.

Feed your poultry bone meal. Try a sample of Buchanan's. 66

The commissioners' court yesterday made a proposition to the committee representing the Brazos river bridge company for the purchase of that property by the county. They offered \$14,200.00 for the bridge, less 20 per cent for deterioration. A call by the secretary of the bridge company appears elsewhere in this paper, for a meeting of the stockholders of the bridge company next Friday to hear the report of their committee.

Wait for Norwood's big clearing sale which begins March 15th. 68

No outsider will be paid 10 per cent to pull off Norwood's great clearing sale. He will manage it himself and give his customers the ten per cent. He believes in benefiting the people who trade with him every day and not some fellow in St. Louis or Chicago. 68

The Eagle is requested to announce that the entertainment to have been given to the Chaffing Dish Club on Thursday afternoon of this week at the residence of Mrs. Robt. S. Webb by Mrs. Webb and Mrs. W. S. Howell, has been postponed on account of the serious illness of Mr. Oliver.

For the best of everything in life insurance see R. G. Tabor. d-tf

One of the Bryan aldermen has a letter in this paper, discussing the matter of lights for the streets. The Eagle is pleased to present the view taken of the matter by the aldermen, and hopes that continued discussion will result in finding the best way out of a troublesome situation.

Nothing better than Hazelbrook Rye at Ford's Saloon. Try it. 75

A regular meeting of Bryan Chapter No. 222 O. E. S. will be held Wednesday, Feb. 22 at 3 p. m. This is a very important meeting as the installation ceremonies will take place, and all members are urged to be present. Lena F. Reed, Secretary.

Father Kerwin's lecture to-night, "The Masterpieces of the World's Art," at Carnegie hall. Splendid music program in addition to the lecture.

Find the mark inside of hat-band, give us half the amount and put the other half in your pocket. Feb. 24th and 25th. Hunter & Chatham. 69

The greatest sale Bryan ever knew will be the grand clearing sale to begin at Norwood's March 15th. 68

Buchanan handles a full line of vegetables in connection with his meat market.

See J. G. Gregg for wall paper. All the latest patterns in 1905 paper. Phone 366. 69

One trip to Buchanan's will show the people he is in the butcher business. 68

THE STOMACH IN WINTER.

Hearty Food Puts Extra Strain on This Important Organ.

Winter is a little more than half over, and the results of its hearty food are shown in the variable appetite, nausea, gnawing at the pit of the stomach, heartburn, sallow skin, furred tongue, headache, backache, and sleeplessness. The stomach has been overworked, the nervous system is unstrung, the blood is in bad condition, the digestive organs are tired out.

It is at this season of the year that Mi-o-na, the only remedy known that gives strength to the stomach and digestive organs, is of especial value.

Mi-o-na is not a hit-or-miss cure, but is an unusual combination of remedies that makes it infallible in restoring health to the stomach and digestive system. It overcomes any acid condition that may be present in the stomach and intestines, soothes and heals the irritated mucous membrane, has a stimulating effect on the solarplexus, and combines peculiar properties that strengthen the nerves of the stomach and puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist, any disease germs in the stomach will be destroyed, and the digestive system will be so strengthened that it will extract from the food all the elements that make solid bone, firm muscle, and pure blood. It is a guaranteed cure for all diseases of the stomach, excepting cancer.

The guarantee on Mi-o-na is given by one of our best known druggists, E. J. Jenkins, who agrees to refund the price, 50 cents, should Mi-o-na not give perfect satisfaction. Ask him to show you the guarantee he gives with every package. 4

GOOD ROADS MEETING.

Large Number of Persons Attend the Convention at City of Austin.

Austin, Feb. 21.—The Good Roads convention was well attended Monday by delegates from a number of counties. It was called to order by J. M. Shumate of Austin, chairman of the Travis county good roads committee.

Rev. E. B. Wright pronounced the invocation. The chair appointed three secretaries, to-wit: Byrd E. White of Dallas county, Tom Burleson of Ellis and Walter E. Sneed of Travis.

Mayor White delivered the address of welcome on the part of the city and County Judge Hornsby welcomed the delegation on behalf of the county.

Colonel W. H. Moore, president of the National Good Roads association, replied.

Brief appropriate addresses were made by Colonel R. E. Smith of Sherman, Judge A. M. Von Rosenberg Jr., and M. M. Shippe of Austin.

At the opening of the afternoon session Sam C. Lancaster, an expert civil engineer of Jackson, Tenn., delivered an address on road building in general and making practical suggestions as to best methods for Texas.

Dr. A. W. Carnes of Dallas county addressed the convention.

A resolution was adopted providing for the appointment of a committee to examine the good roads bill offered in the legislature and to draft a bill to meet the requirements of the association.

Hon. T. R. Rixey, former labor commissioner of Missouri, delivered an address, speaking chiefly of the requirements of a good builder.

Col. W. H. Richardson of Austin made a practical talk. He said that when he came to Texas the state had neither railroads nor wagon roads. Texas highways do not compare with those of other states, for those states discussed and built roads while Texas was still in her infancy.

At the night session Governor Latham declared himself in sympathy with the movement and would assist in every legitimate way.

Hon. O. P. Bowser, a member of the legislature from Dallas county and president of the Texas Good Roads association, told of what Dallas county was doing.

Colonel Moore then delivered his address on the good roads of the world. His speech was illustrated with stereopticon views, showing good roads in Europe, Porto Rico and many of the states where the good roads trains have built sample roads.

An interesting picture was that of a road along Lake Uri in Switzerland, which cost \$60,000 a mile. Colonel Moore emphasized the importance of issuing bonds and demonstrated the feasibility of doing this in almost any locality where the construction of good roads is necessary.

OFF FOR LAREDO.

Members of House to Go to Celebrate Washington's Birthday.

Austin, Feb. 21.—Members of the house departed for Laredo Tuesday afternoon to participate in Red Men's celebration of Washington's birthday.

In senate bill of Hicks requiring all railroads to keep switch light burning at all switches from sunset to sunrise was passed finally.

House judiciary committee reported favorably Bartholomew's bill providing for revising and digesting of civil and criminal laws.

House committee on public lands reported favorably bill of Carswell of Wise county to revise land laws.

The governor approved and signed house concurrent resolution inviting President Roosevelt to visit Austin. He also signed concurrent resolution asking congress to enlarge the powers of the interstate commerce commission.

John Kelly Passes Away.

"Down by the Rio Grande"

The Annual Event of Two Nations:
Yaqui-George Washington The "Laredos."

Some years since the citizens of Laredo, Texas, and Nuevo Laredo, Mexico, conceived the idea of fittingly celebrating George Washington's Birthday (February 22) by suitable "Mexican-American" fiestas and parades, and from a small source this has grown to a MAGNIFICENT ANNUAL EVENT unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

International in its character, located on the border line between the Great Republics occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal, this event offers unsurpassed inducements to the pleasure seeker.

This year the festivities will consist of four days' continuous festivities, February 21st, 22nd, 23rd and 24th, and the program, which is very elaborate, will comprise many new and interesting features, among which may be mentioned FAMOUS SPANISH BULL FIGHTS, GRAND CATTLE ROPING CONTEST, FOOT BALL, BASE BALL, COCKING MAIN, torchlight parades, embodying typical Mexican and Indian features, Naval fire works on Rio Grande River, a spectacular reproduction of Gen. Washington crossing the Delaware. Military drills and display evolutions. Historical Pageants and Trade-Display, Flower Carnival, U. S. and Mexican Troops and Bands.

For this occasion low excursion rates will be in effect to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for the sale of excursion tickets to MONTEREY, MEX., with ten (10) days' limit, permitting stop over at LAREDO in order to witness the International Celebration.

WORK OF RESCUE.

Distressing Scenes Witnessed as Bodies Are Recovered.
Birmingham, Ala., Feb. 21.—E. T. Schuler, one of the officials of the Virginia mine, where more than 100 miners were imprisoned Monday afternoon by an explosion, was advised at 3 o'clock Tuesday morning that the rescuers were very close to the entombed men and one body had been found and removed. The rescue party worked all night and were augmented by miners from various mines in the district.

A later report from the Virginia mine was to the effect that three bodies had been recovered, all blackened and disfigured, and give evidence of the terrible struggle which the unfortunate men had before giving up their lives. Thousands of people gathered about the month of the mine when the bodies were brought up and distressing scenes were witnessed when the bodies were identified. A late rumor says that no less than fifty dead bodies were in sight. At noon Tuesday there was practically no hope held out of finding any of the entombed men alive. The work was most difficult owing to the prevalence of noxious gases.

COPY OF COMPLAINT.

It Has Been Served on the Chief of Police of San Francisco.
San Francisco, Feb. 21.—Chief of Police Wittman has been served with a copy of the complaint in which the board of police commissioners of this city sets forth in specific form charges of incompetency and neglect of duty against him. The main charge of incompetency is based upon the allegation that although Chief Wittman is in control of the Chinese quarter and empowered to suppress unlawful gambling there, games have flourished and gambling is maintained openly with the alleged knowledge of the police squad in charge of the district. Wittman has declared his readiness to answer to the charges made in the complaint and will insist upon a speedy trial.

FLAG SALUTATION.

Forty of the Fair Sex Have a Heated Debate on the Matter.
New York, Feb. 21.—After a heated debate, in which forty women took part, the Bayonne, N. J., Political Study club has voted by a large majority that the proper way for a girl to salute the flag is to touch the forehead with the right hand, precisely as a man does.

The club is composed of the leading society women of Bayonne and vicinity and has been considering the question of saluting for some time, and one of the members went so far as to ask President Roosevelt for his opinion.

In the debate which preceded the voting one elderly woman declared that women should wait "until the hazy lords of creation give us our rights in a full measure of citizenship before we salute the flag at all."

MEN IDENTIFIED.

Party Declares That Caldwell Shot to Death Bank Cashier.
Salt Lake City, Feb. 21.—A special to the Herald from Vernal, Utah, says: Albert A. Caldwell and David Fraughton, who are held in jail on a charge of grand larceny, were identified as the Cody bank robbers, for whom there is a reward of \$5000. Sheriff Horton of Carbon county, Wyoming, has arrived here with W. L. Walts, who was an eye witness to the killing of the bank cashier. Walts positively identified Caldwell as the man who did the shooting and Fraughton as his accomplice.

Both men deny that they are the bank robbers and state that they are willing to go back and stand trial.

ARE ISOLATED.

Snow Drifts So Badly as to Virtually Retard Locomotion.
Clarion, Pa., Feb. 21.—Clarion, Kane, Tylersburg, Marienville and other towns in this vicinity are practically isolated on account of the deep snow, which has drifted badly. It has been twelve days since the Baltimore and Ohio railroad has operated any trains north of this place. Towns between here and Kane have received no mails for two days and then they had to send overland to Tionesta to get it.

Increase Accepted.

Constantinople, Feb. 21.—The proposed increase in Turkish customs duties has been accepted in principle by the governments of the six great powers on condition that revenue so derived will be devoted to carrying out reforms. It is understood that Turkey in soliciting their assent to the increase undertook to accept the Austro-Russian scheme for reform of the finances of Macedonia.

TAX BILLS PASSED.

All Save Two Reported by House Committee Go Through.
Austin, Feb. 21.—With the exception of the Love bill, which has passed its second reading, and the Kennedy bill, pending on second reading, all the tax bills reported by the house committee on revenue and taxation have finally been passed in the house. This was the record up to adjournment Monday.

House committee on private corporations heard arguments on the pending pipe line measures, but adjourned without taking action upon any of the bills until Friday.

House committee on common carriers heard arguments on the Southern Pacific consolidation bill, Judge Dabney and J. B. Lewright of Victoria opposed it.

House committee on criminal jurisprudence reported favorably the bill by Mr. Brown of Wharton to suppress the sale of lottery tickets and suppress lotteries in Texas, and Mr. O'Bryan's bill to prevent persons not granted license to practice law from pursuing the profession.

Senate judiciary committee No. 1 Monday heard arguments on the Deckard pipe line bill. Judge Brooks of Beaumont opposed it and charged that all producers favoring the measure did not produce as much oil as he does.

WILL SEEK BRUIN.

President and Others to Go Bear Hunting in "Big Woods."
Dallas, Feb. 21.—A message has been received here by Sloan Simpson, one of the noted Roosevelt rough riders, from the president, saying that he cannot reach this city on the evening of March 29, but will be here on the morning of March 30.

It is announced that the president, with Cecil A. Lyon, Republican state chairman, Sloan Simpson, Secretary Loeb and one or two others, will go on a bear hunt in the "Big Woods" of east Texas, after the rough riders' reunion.

TWO CORPSES FOUND.

Bodies of a Couple of Negroes Discovered Near Bryan, Tex.
Bryan, Tex., Jan. 21.—Dan Cooper, colored, of Burleson county, was found dead by the side of the Bryan and Jones bridge road, about three miles south of Bryan, in this county, with a wagon and mules he had been driving in the road near by. Cooper had been in Bryan Saturday and left late in the afternoon for his home. It is supposed he died from exposure to the cold.

An hour or two after the discovery of Cooper, another negro named Beverly Price was found dead by the side of the same road, about two and a half miles nearer to Bryan. The mule which he had ridden to Bryan Saturday was found in the road near him.

PIONEER PASSES AWAY.

"Trinity River Wolf," a Long-Time Dallasite, Departs This Life.
Dallas, Feb. 21.—W. C. Wolf, who had been a resident of Dallas for about thirty-five years died Tuesday morning at 12:25 o'clock at his home, 131 Wolf's Trail.

Mr. Wolf was well known, and because of the fact that he was among the first to advocate the improvement of the Trinity river, he became known among his friends as "Trinity River" Wolf. Long before the present movement now nearing success was begun he pointed out the feasibility of the project, and by articles in the newspapers and in every other way urged that it be undertaken. Mr. Wolf was a lawyer by profession.

For Running a Lottery.

Galveston, Feb. 21.—Indictments were returned by the grand jury of the Galveston county criminal district court against R. K. Lee, Charles A. Stuart and William Westrup on charges of establishing a lottery, said lottery being better known as policy. These indictments grew out of a crusade against policy joints inaugurated by the police department last November.

Physician Convicted.

Groveton, Tex., Feb. 21.—Dr. Henry Nelson of Houston county, was tried in the district court here, charged with the killing of Mrs. Robert Alexander in Houston, about a year ago, and he was convicted of murder in the second degree and sentenced to five years in the penitentiary.

DARING DEED.

Passed Around Japanese Left Flank and Penetrated the Rear.
Mukden, Feb. 21.—General Rennenkampf's division, which moved out Feb. 14, has returned from a daring reconnaissance, having succeeded in passing around the Japanese left flank and penetrating well to the rear, causing considerable consternation along the line of Japanese communications. The losses were insignificant. It was merely a raid with no intention to strike in the direction of Yinkow.

Druggists Fined.

Ada, I. T., Feb. 21.—In the United States Court two well-known druggists were fined \$300 each, sentenced to jail for twelve months and placed under a bond of \$2,000 each for violating the liquor law. The jail sentence was suspended. Both will forfeit their bond if they violate the law again within three years.

Maxwell Bill Passes.

Guthrie, Feb. 21.—The Maxwell bill creating a board of railway commissioners was passed by the lower house of the legislature. It is almost certain the measure will pass the upper house.

To Redeem Certificates.

Manila, Feb. 21.—The government has decided to redeem a number of certificates of indebtedness held by the United States issued for the purpose of establishing the new Philippine currency in 1903.

EXCITING MEETING.

Students Pass Some Resolutions That Are Decidedly Emphatic.
St. Petersburg, Feb. 21.—During the meeting of students, professors and directors of the St. Petersburg university Monday, when it was decided to close the institution until fall, with burning words speakers described the affair of Jan. 22. The auditorium was packed, and many girl students were present. One student announced that a continuance of study was impossible while such a struggle was in progress, and said it was the duty of the young men there assembled to return to their homes in the provinces and spread the agitation. Some of the professors tried to stem the tide with moderate words, advising the students to go back to their studies.

When Professor Spenanzi, one of the speakers, revealed the fact that Governor General Trepoff had threatened to permit no student who left his studies to re-enter any of the big universities, the statement was greeted with a veritable howl of rage. An attempt of a few reactionary students to hold an opposition meeting ended in a dismal failure, less than fifty students responded to the call and the meeting was abandoned.

The few foreign newspapers correspondents who were admitted to the university were amazed at the incendiary character of the meeting and the absolute freedom with which the students knowing that the auditorium was filled with government spies holding themselves liable to the charge of treason. In the mind's eye one could almost pick out the Mirabeaus and Des Moulins and possibly Dantons and Robespierres of the future.

The speeches grew more and more excited. An address from Italian students was read denouncing the tragedy of January 22 and the general tyranny of the bureaucracy and expressing sympathy with the Russian aspirations for liberty. When shortly after 3 o'clock a recess was taken the whole student body began singing the Russian "Marsellaise." They unfurled a red flag on which was written: "Hall to the constituent assembly!" With this at their head the students began parading the auditorium and adjoining corridors.

A portrait of Emperor Nicholas was also taken down from the wall and carried in the procession. The portrait was torn in a slight skirmish, but this called forth a protest from the majority who were careful to avoid the appearance of disrespect to the emperor.

When the meeting reconvened it was decided to divide on the question of the general strike. At the conclusion of the meeting, after the adoption of strong resolution, the student body almost unanimously decided to suspend all revolutionary work.

The resolutions adopted demand:

1. A constituent assembly on the basis of universal suffrage and under conditions of liberty of speech, of the press and of association and the freedom of laborers to strike.
2. Full amnesty for religious and political offenders.
3. Autonomy for each part of the country not of Russian nationality. In conclusion the resolutions called every self-respecting citizen to struggle for the achievement of the above aims.

After the meeting broke up, a brand of the more violent students tore up the emperor's portrait, stripped and demolished the frame and carried it off as souvenirs.

REFUSED TO SERVE.

Went to Jail in Preference to Sitting on Jury With a Negro.
Durant, I. T., Feb. 21.—In United States court Monday, for the first time in the history of the Federal courts in the Indian Territory, a white man refused to sit on a grand jury with a negro. Edgel Davis, a prominent citizen and cattleman of Nida, refused to serve as a juror for the reason that he had conscientious scruples against associating with negroes and finally refused to take the oath, stating to the court that he was ready and willing to pay the penalty for refusal. The court then ordered that Davis be placed in jail. While in jail Davis stated to a correspondent: "I do not know what Judge Humphrey will do, but I am ready to pay my fine, go to jail, or even to the penitentiary, before I will equalize myself with a negro jurymen."

Judge Humphrey stated that if some arrangements were not made by 6 o'clock to feed and lodge the negroes attending United States court as witnesses he would adjourn court to Caddo and complete the term there. No negroes have resided here for several years, so a temporary hotel was improvised.

TRIAL OF KRATZ.

After a Delay of Nearly Three Years It Begins at Butler, Mo.
Butler, Mo., Feb. 21.—After a delay of nearly three years the trial of Charles Kratz of St. Louis, a former member of the municipal assembly of that city, charged with accepting a bribe from the agent of a suburban street railway company to pass a bill giving an extensive franchise to that corporation, began here Monday in the Bates county circuit court. Kratz was arrested at St. Louis some three years ago and after release on bond went to Mexico and extradition came only after a special treaty had been arranged with that government through the personal interest taken in the case by President Roosevelt. Kratz was then arraigned for trial at St. Louis, but secured a change of venue to Butler.

Musical Composer Gone.

New York, Feb. 21.—Albert Larue, well known among musicians and musical publishers as a composer, is dead at his home here from pneumonia. He arranged the scores of many of the musical comedy successes produced in recent years.

While hunting ten miles from Abilene, Tex., Sanford Young fell. His gun was discharged and he fatally shot.
